Dear *Alliance* Members,

We are very excited to announce that we will have **2 new speakers at the Alliance 2020** pre-USCAP meeting. Don't forget to register and get the full meeting agenda at <https://digitalpathologyalliance.org/>.

On Friday, February 28, 2020, in addition to the breakout working group sessions, we will have at...

9AM: Mike Leavitt to talk about "***The New Frontier of Innovation***".

- Mike is a prominent business leader, and the **former 14th Governor of Utah, Secretary of Health and Human Services (HHS), and Administrator of the Environmental Protection Agency (EPA)**.

3PM: Abdul Hamid Halabi to talk about "***What Pathology Can Learn From Self-Driving Cars - The NVIDIA Perspective***".

- Abdul is **NVIDIA's Global Business Development Lead for Healthcare & Life Sciences** and leads the product team for NVIDIA's health offerings.

Look forward to seeing everyone in LA this week! See the meeting details at <https://digitalpathologyalliance.org/>.

Sincerely,

The *Alliance*
