Alliance Project Update Meeting Wednesday April 1, 3-3:30pm EDT

The COVID-19 pandemic has forced many of us into a period of change, yet it also a call to action. This crisis is exposing areas of need, in which innovative solutions may bring better care to patients.

We have received many requests from members eager to step up their involvement in new ways. We want to make sure that we continue to offer everyone a convening space for these important ventures.

We have expanded our project portfolio to do our part to combat the pandemic. As such, we want to make sure that everyone is aware of current projects and how to get involved.

In this meeting, we will review our top priority projects, our updated website, and opportunities to strengthen the Alliance project portfolio through your involvement.

We hope you and your families a staying safe and healthy, and we look forward to connecting this Wednesday.

When it's time, join your Webex meeting here.
