

October 2022 – TBD

tentative/proposed date for the webinar: Oct 28th 2022; 3PM

Cat III codes become a legal requirement in Jan 2023. There is uncertainty about how to implement this in routine practice. The seminar will cover practically relevant aspects of digital pathology code implementation for Jan 2023.

Proposed Agenda – Focus US

10': Development in CPT coding in Digital Pathology ([Charles Matthews](#))

10': How to incorporate CPT Cat III codes in my practice?
Best practice ([Joe Sirintrapun / Matthew Hanna?](#))

10': Example of an implementation ([Joe Sirintrapun / Matthew Hanna](#))
Target go-live date.

10': Relevance of Cat III codes? Vision moving forward ([DPA, Esther Abels](#))

10': Larger scale vision / practice models ([Charles Matthews](#))

10': Open discussion

Next meeting – Focus Global Adoption

10': What can we learn from the US approach
